### Vote for the farmer of your choice

The United States Department of Agriculture, Agricultural Stabilization and Conservation Service, is seeking nominations for eligible farmers to sit on a board to administer county ASC farm programs.

Farm owners, operators, tenants and sharecroppers, of legal voting age, can vote if they are eligible to take part in any ASCS program. To nominate a farmer (qualified women and minorities are encouraged), request a nominating petition from the ASCS county office before Oct. 31. Ballots will be mailed to eligible voters by Nov. 25. Voting must be done before Dec. 5. New committee members will take office on Jan. 1, 1995.

For more information, call the local ASCS office.

### War party planned

Calling all Glades-area Seminole boosters and fans: There will be a special Thursday afternoon "War Party" beginning at noon, Thursday, Oct. 6, at the Belle Glade Elks Lodge, 300 S.E. Ave. E.

Guest speaker will be Jerry Kutz, editor and publisher of *Ocala*. "The man who knows more about F.S.U. football than Bobby Bowden."

To reserve a spot, send a check made out to the Palm Beach County Seminoles for \$8 to: Helen Aspey, 900 N.E. Second Street, Belle Glade. For more information, call Mrs. Aspey at 996-8917 or Phil Zammit in West Palm Beach at 407-568-7353.

### Don't forget to vote

The Palm Beach County second primary election will be Oct. 4. Democratic voters will choose between Hugh Rodman or Mike Wiley for U.S. Senate; John Comerford or Ron Howard for Congress in District 16; and between David Robbe or R.J. "Bobby" Walshak for State House, District 87.

Registered Republicans can vote in the Commission-er of Education race between Frank T. Brogan or Bob Morris.

Polls will be open from 7 a.m. to 7 p.m.

### "Son Festival" is Saturday in Pahokee

The Good Shepherd Church of God in Pahokee will be having their "Son Festival" this Saturday, Oct. 1, from 10 a.m. to 4 p.m.

There will be booths, games, arts and crafts and a bake sale.

There will also be a dunk tank hosting local celebrities. Barbecue will be served from 11 a.m. to 2 p.m. A gospel singing will start at 6 p.m.

For more information, contact the church office at 924-7284 for details.

## Chamber gets new executive director

By Brenda Bunting  
Editor

Leigh Woodham is used to making her voice heard over a room full of squirming, laughing Club Scouts. She knows all about the motto, "Be prepared." Now, she said she's prepared to take on a much bigger job, promoting the City of Belle Glade.

Mrs. Woodham, the new executive director for the Belle Glade Chamber of Commerce, took over the position last week after the resignation of Iris Tanner.

A Cub Master for over two years and a volunteer with local scouting for three years, Mrs. Woodham, 33, said she is looking forward to the challenge of increasing the chamber's membership and enhancing the city's image.

"The chamber is like the goodwill ambassador of a city," she said. "I want to help promote a good image."

Married with three boys, Jeffrey, David and Luke, she and her husband, Brent, have lived in Belle Glade for almost 10 years. Mr. Woodham is the assistant manager of human

Leigh Woodham

relations at Sugar Cane Growers Cooperative.

Mrs. Woodham said her husband grew up in South Bay and she met him while attending college. She has a degree in statistics from the University of Florida.

In addition to working with the local cub scouts, she has done a lot of fundraising in the community and volunteer work. She is a volunteer for the Western Palm Beach County Mental Health Clinic and has chaired their annual Palm Beach Polo Club fundraiser for two years. She currently sits on the board of the Dolly Hand Cultural Arts Center. She said she will continue to work with

the local cub scout organization and although she said she has not worked in 10 years while raising her family, she is looking forward to being active in the community.

"You have to like being visible and speaking in public," she said.

Currently, the chamber is working on a Western Zone Attraction map. It will include the western communities of Wellington and Royal Palm as well as the Glades. A grant from the Palm Beach County Tourist Development Council is making it possible for the chamber to print a large quantity of maps and the map is expected to be out sometime in November.

Former executive director, Iris Tanner, announced at the Sept. 21 chamber breakfast that she has taken a position with Sen. Kenneth J. J. II, as his legislative assistant in the Glades.

Chamber Secretary Laura Mae Enfinger will continue to work with the chamber and assist Mrs. Woodham in the day-to-day operations of the business.

## Area trooper listed in critical condition following shooting

### Four-year veteran, father of three girls

Staff Reporter

A Pahokee-based Florida Highway Patrol Trooper was shot in the head Monday, Sept. 26, while performing off-duty detail at a nightclub in Miami. Trooper Jonathan Carter, 30, is listed in critical condition at Jackson Memorial Hospital in Miami.

According to Metro-Dade Police Department reports, four off-duty FHP Troopers were working maintaining parking lot security at Miami Knights Entertainment Complex in Northwest Dade when two black males, Marcille Robert Frost, 17, of Miami, and his cousin, 23, attempted to enter the establishment. A private security guard employed by the nightclub refused them admittance and it was discovered one of the males was carrying a concealed firearm.

The uniformed troopers were advised by the employees of the

club of what had occurred, and as the subjects returned to their parked vehicle, the troopers approached them. Frost retrieved his firearm and without provocation or warning, fired at Trooper Carter, striking him one time in the head.

Police reports state one of the remaining three troopers fired one time at the subject striking him in the face.

Both Trooper Carter and Frost were airlifted to Jackson Memorial Hospital where they were both listed in critical condition.

Frost is being charged with attempted first-degree murder on a law enforcement officer, use of a firearm during the commission of a felony, and carrying a concealed firearm.

Trooper Carter is a four-year veteran of the highway patrol. Originally from Miami, he had been stationed in Pahokee for 3 1/2 years. The trooper is divorced and the father of three girls.

## South Bay P.D. loses officer

With a new chief at the South Bay Police and Fire Departments, comes resignations of existing personnel. The most recent resignation was submitted to outgoing Chief Ray Humston, dated Sept. 12, 1994, from a 13-year member of the police department.

Susan Harrell resigned effective Sept. 23 from her position with the police department.

In her letter of resignation, Mrs. Harrell stated her main reason for resigning her position was because she was overlooked for a Sergeant position within the force.

Mrs. Harrell stated, after the promotion was announced, "I had over 12 years of continuous service with the City of South Bay and currently hold the rank of Corporal."

She said her personnel folder was spotless, she's obtained more certificates than any of the other officers, and she has yet to be reprimanded. She also stated she had been loyal, dependable and dedicated to the citizens of South Bay within her tenure with the city.

The new police/fire chief, Charles Napier, said he stated,

see Mrs. Harrell leave, but he said the department would improvise. He also stated Mrs. Harrell was a sworn police officer and she should have been doing the duties of a sworn officer. However, Mrs. Harrell was working in administration acting as a secretary for the department.

Also submitting a letter of resignation, dated Sept. 12, 1994, was Marry Teale, South Bay Police Department Records Supervisor. The letter, submitted to outgoing Chief Roy Humston, cited Mrs. Teale's plans for leaving the department as "my family and I are re-locating which will make it impossible for me to commute back and forth to work."

However, Mrs. Teale recanted on the resignation and returned back to work on Tuesday, Sept. 27.

According to South Bay Mayor Clarence E. Anthony, Mrs. Teale will continue her duties in Records, but she will also take on administrative duties now that Mrs. Harrell had resigned.

Mrs. Harrell will receive 141 hours vacation pay, and 200.5 hours sick pay from the City of South Bay.

## Pioneer 'Mutt' Thomas, 79, dies

Tammy Jackson  
Staff Reporter

Glades pioneer and former owner of South Bay Growery Mutt Thomas died Monday morning in his home at Lake Harbor. In past years, Mr. Thomas had suffered several strokes and the last was Saturday.

Following years of running his own farm, O.C. Thomas Farms, Mr. Thomas and four others founded South Bay Growers. Let-ty, one of the founders left, leaving Billy Rogers and Mr. Thomas to run and own the company. In 1990 they sold it to United States Sugar for approximately \$80 million.

Owning land in four counties, Mr. Thomas lived in Lake Harbor where a street had been named after him.

He served on the Bank of Belle Glade Board of Directors from

1963-1985. He was the bank's first chairman of the board. He was a member of the Glades General Hospital Board of Directors and South Florida Flood Control.

Mr. Thomas was also a member of Lake Harbor Methodist Church, Belle Glade, and the Elks Lodge and Everglades Masonic Lodge. He is survived by his daughters: Nola Reynolds of Lake Harbor; Robin Hollingsworth of Lake Harbor; Martha Lynn Weeks of Lake Harbor; and, Molly Norman of Lake Harbor; brother, Jeff Thomas of West Palm Beach; and seven grandchildren.

Services were held Tuesday, Sept. 27, 1994, at Mr. Thomas' residence. Interment was held at Ortona Cemetery, Moore Haven.

Arrangements were under the direction of Akin-Davis Funeral Home, Clewiston.

## Man killed over \$10 drug deal

An argument over \$10 worth of marijuana left one man dead and a 17-year-old juvenile arrested Sunday, Sept. 25, in South Bay. Reports on the incident are unclear at this time, however, police said after the argument a different fight began, and the juvenile left the scene and retrieved a handgun. He returned and shots were fired.

According to the Palm Beach County Sheriff's Department, the investigation is continuing.

Tough issues were discussed at the First Families Forum this past Saturday at the Dolly Hand Cultural Arts Center. Participating on the panel, from left, are County Commissioner Ken Foster, Area School Superintendent Chuck Shaw, Suzanne Turner, Belle Glade Mayor Steve Weeks, South Bay Commissioner Michael Jackson and Moderator Bob Nichols, newsman for WPEC Channel 12.

## District releases water from Lake Okeechobee

The South Florida Water Management District and the U.S. Army Corps of Engineers began releasing water from Lake Okeechobee in "pulses" through the St. Lucie and Caloosahatchee rivers before the lake level reached the maximum upper-level limit allowed this time of year. Such releases help avoid the need to discharge large volumes of fresh water all at once into coastal estuaries.

"The pulse releases held avoid the need to discharge large amounts of water later that could damage these sensitive estuaries," said Sam Poole, executive director of the water management district. He said all available capacity

to move water south from the lake through the Everglades is being used to remove excess rainfall. "As much water as possible will be sent through the conservation areas to Florida Bay," Mr. Poole said.

Heavy rains—eight inches above average in the Upper Chain of Lakes since the beginning of the wet season on June 1, filled lakes in the upper Kissimmee valley to their capacity. This caused the need to send all excess drainage from these rains south in Lake Okeechobee.

The lake level today is 16.41 feet above mean sea level. This necessitates the pulse releases under the Corps operating schedule.

These releases, which will continue for 10 days, are expected to remove at least one-tenth of one foot of water from the lake. The need for additional 10 day pulses will be evaluated as conditions develop.

The estuaries are being monitored for changes in salinity. Past research allows the District to correlate these changes with environmental impacts. On-going research on the quality and quantity of all freshwater discharges into these estuaries is being used to fine-tune ways to protect the estuaries.

The last time pulse releases were made was in March 1993.

## Pahokee receives grant from Florida Humanities Council

The City of Pahokee was recently the recipient of a grant from the Florida Humanities Council to "conduct a series of oral history interviews of minority and ethnic pioneers in the Lake Okeechobee area. The interviews will be conducted by Anthropologist Dr. Michael Harris from Florida Atlantic University. The stories told by the pioneers will be condensed into a

Reader's Theatre presentation with live performances scheduled for the spring of 1995.

The project, call "Crisis, Greens, and Salsa: Past and Present Glades Pioneers," was created to explore, through staged readings with public discussion, the customs and traditions of old and new Glades pioneers and the ways that the area's diverse cultural groups interact with each other.

Project Manager Karen Webster Milano is also seeking to enhance the performances with old photographs, maps, painting, drawings, and any other available documents and artifacts.

If you or any member of your family settled in the Lake Okeechobee area prior to World War II, and are interested in taking part in this historical project, please contact project manager Karen Webster Milano 407-659-0560, or City Manager Ken Schenck, City of Pahokee at 924-5534.

## Anything is possible with Mother Nature

By Mike Lyons

One of the best things I always tell students that I speak to in our area is that anything is possible with Mother Nature. I have to admit, however, that even I was surprised by her latest example.

It happened last week in central Florida during one of our typical late afternoon thunderstorms. It is one of the most amazing lightning stories I've ever heard.

Brad Schafer was riding his motorcycle down Interstate 4 along with his girlfriend, Angela Spanger. Brad and Angela were both wearing helmets. As it turned out, those

helmets saved their lives.

The weather was bad and it was getting worse. Brad and Angela were soaked from the blinding rains. Negotiating the slick highway was getting progressively difficult for Brad. Lightning was everywhere. Suddenly, it was right in front of him.

"The gentleman in the car behind me said he saw a flash of white light," Brad said. The lightning bolt struck Schafer's helmet knocking him unconscious.

Angela, however, was wide awake and unhurt. "I didn't know what to do," she said. "I didn't want to hurt his bike and I didn't know if he was alive or dead. The only thing I knew to do was to pull him over to the side."

Despite the heavy rains and her unconscious boyfriend, Angela somehow steered the motorcycle to the side of the road. Another motorist called for an ambulance but would help arrive in time?

Amazingly, Brad was alive. The lightning bolt struck his helmet, blew off his face mask and knocked a gold chain from

his neck. "The electricity went in through my helmet," he said. "It came out of my right toe, my big toe on my right foot." He was burned on his neck and face and his eyes were swollen shut by the lightning blast but he would live to tell about his experience. Angela had no injuries and apparently was untouched by the lightning bolt. The motorcycle sustained minor damages. The fuses were blown out and the gas tank was singed.

It is an amazing story of survival considering that more people die from lightning strikes in Florida than in any other state. Between 1959 and 1988 there were 271 lightning related deaths in Florida and about 700 injuries. In a typical year, 10 people are killed by lightning in the state. Most of those deaths, about 28 percent, occur in open fields and playgrounds.

We have so many lightning injuries because we have so much lightning. A typical line of thunderstorms is capable of producing several thousand lightning bolts over a two to three hour period. Most of those bolts go from one cloud to another but about 20 percent manage to reach the ground. That's enough to disrupt electricity, start grass fires and hurt a lot of people.

Obviously, the best place to be in a lightning storm is inside a sound structure not on a motorcycle on a rain-soaked highway. Brad doesn't remember much of the incident but Angela will never forget it. Neither will I.

### Bleachers

"I'm calling in reference to the bleachers at Glades Central High School. I think the new bleachers should seat at least 7,000 people because at the existing stadium, the bleachers are over-crowded.

I'd like to find out what type of bleachers they are planning to put up. We hope they are better than the ones currently used."

### First step

"I attended the First Families Forum this past Saturday and I just want to say I thought it was very good.

Many important issues were discussed and hopefully, some solutions to our high crime rate, health care issues and problems with our education system will be addressed. I guess what I'm trying to say is I hope it doesn't end here. I hope the powers that be were really listening and tak-

ing the criticisms to heart. Many things need changed and for once we felt like we had a voice in helping make those changes."

**Editor's note:** We have received several calls about a boat and vehicle parked in the roadway on N.E. Second Street, Belle Glade. This matter has been brought to the attention of the Public Safety Director. He said he is going to look into the situation.

### Likes police blotter

"I've been noticing you have begun printing the arrest blotters in *The Sun*. I think that's great. Keep up the good work. I understand there have been a lot of car break-ins in town and some people have been caught. Crooks beware. If you come into my yard in the middle of the night and I catch you, you will be wearing a t-shirt with bullet holes."

## Letter to the editor

### Dear editor:

The Pahokee Middle/Senior High School administration, coaching staff, entire faculty and Mr. Chuck Shaw, Area Superintendent, thank the Glades communities for your prayers and support after our near tragedy with lightning last Tuesday afternoon. Our communities have come together as family members to help and support our young men. We are forever grateful.

Everglades Regional Hospital emergency room personnel maintained calm when there could have been chaos. They allowed us to help parents, talk to the press and make necessary telephone calls. I know the red carpet and a caring spirit are not found at all

medical facilities. The parents and Pahokee Middle/Senior High School staff will never forget your kindness.

The best news is that our young people are safe, and being such strong young men, are recuperating quickly. They played a hard game against LaBelle on Friday night after a week of total confusion. They can hold up their heads even though we did not win. State championships do not hinge on one game. Blue Devils, we are proud of your spirit and your level heads during a crisis!

Parents, coaches and administrators met before the LaBelle game to discuss insurance and future plans during threatening weather. This storm can upon our area very

rapidly. Lightning struck in the vicinity it as players and coaches were approaching the side door of the school after practice was stopped by the coaches.

ALL GLADES RESIDENTS, whether you are a coach, farm worker, back yard gardener or talking on the telephone, please respect our skies. Recent weather patterns seem to make rapid changes. We do not need to lose anyone. To quote a player's grandmother, "God will give us lots of sunshine to do our work." Again, thank you to everyone and please continue to think of our youth.

G. Eugenia Jones  
Principal

### October is Breast Cancer Awareness Month

By Dick Meyer  
Director of Community Relations  
Everglades Regional Medical Center

The numbers are startling. 193,000 new cases of breast cancer each year and 46,000 deaths annually as a result of breast cancer. The American Cancer Society has declared October as National Breast Cancer Awareness Month to increase awareness for all of us about the impact of the disease and issues to be aware of.

While new treatments and therapies are being worked on to treat breast cancer, the best things women can do is to know their risk factors and to perform those simple screening tests to watch for signs of the disease.

Are you at risk? Those circumstances which increase the chances for breast cancer include:

- You have a sister,

daughter, or mother who has, or had the disease.

- You are childless.
- You had your first child in your late 20's or later.
- You have had frequent biopsies for "lumps."
- You started to menstruate before age 13 and reached menopause after age 55.

• You have been diagnosed with "lobular carcinoma in situ."

There is also mounting evidence that a high fat diet can increase the risk of breast cancer. Contrary to some beliefs, an injury to the breast may call a woman's attention to a tumor that is already there, but cannot cause breast cancer.

The good news from the American Cancer Society is that the number of deaths due to breast cancer could be much lower if more women followed the simple steps recommended for them according to their age group. By following these simple steps, women can help ensure that developing breast cancers are caught in their earliest, most curable stages.

### Actions you can take

If you are age 20 or over, you should conduct a monthly breast self-examination. This should be done seven days after your menstrual period starts. After menopause or a hysterectomy,

my breasts should be examined on a consistent day of each month (such as the first day of the month). Specific directions for this procedure are available through many resource materials or from the Everglades Regional Medical Center Women's Health Care Center department. Any changes or irregularities should be reported to your physician immediately.

Women should also have a professional clinical breast examination every three years until they are 40 and then, after age 40, should have an annual examination done.

The most frequently talked about procedure is the mammography. The American Cancer Society guidelines for a mammography are as follows:

• If age 40 to 49 you should have mammography every one to two years.

• If 50 years and older, then you should have an annual mammogram.

If you notice any symptoms such as masses or lumps, then you should see your physician immediately to arrange for the correct type of procedure and reassurance of the medical situation.

Now is the time for all women to start early detection actions appropriate for their age which can help to prevent breast cancer from severely affecting their life.

people are folks who want a better future for our children, and will certainly avail ourselves of opportunities for growth if we are so empowered. Glades folks also know that not all change can be expected to come from the government. We know we need to continue to work hard for ourselves and with each other, as in partnership with local governments. The Glades is ready to be acknowledged as a full-fledged part of Palm Beach County! Is Palm Beach County ready for the new and improving Glades?

Well, even if you're not - watch out, cause here we come!

If you would like to anonymously inquire about issues regarding yourself or your acquaintances, you may do so by writing to Dr. Boltson. You don't even have to give your name or address. Just mail all questions to:

### The Glades is for families!

This past weekend, the first Glades Family Forum was held. Government leaders, service providers, consumers, and local families were present to problem solve as to how to improve living for families in the Glades.

The community spirit and interest that was there was enthralling and exciting. It was very gratifying to see people of different backgrounds and interests get together for a common cause. Hundreds were present to meet, to discuss, to complain, to observe, and to grow.

The community participants voiced their concerns to leaders in a very articulate and responsible way. Even folks who were obviously quite upset with the nature of some social service delivery systems here, avoided

rowdy outburst. Instead, forceful and meaningful observations and critiques were offered by serious, intelligent people who in turn expected serious, intelligent responses.

I think everyone realizes that mass social change can be slow. The audience appeared to have a healthy mix of cynicism and optimism. They certainly hoped that positive change would be forthcoming, but they likewise were wondering whether more than just talk would be generated by politicians and bureaucrats.

So to all the politicians and bureaucrats of Palm Beach County, the Glades has demonstrated our concern, our sensitivity, and our community activism. We are both hoping and demanding that we not be overlooked, and that we get our fair share of government attention and funding. We Glades

# Bicycle trip around Lake Okeechobee planned

By Susan Etchey  
Executive Director of the Economic Council of Okeechobee County, Inc.

This November, 30 to 40 hardy and hale mountain bicyclists will attempt to circle Lake Okeechobee in an adventurous feat very few people have attempted.

Avid and experienced cyclists, including an 8-year-old boy accompanied by his parents and a 76-year-old man from Wisconsin, have been invited to participate in Circum-Oke I, a scenic 130-mile bike tour atop the Herbert Hoover Dike.

The four-day ride begins Thursday, Nov. 3, in Indiantown at the picturesque Seminole Inn with a 10-mile ride to Port Mayaca and then proceeding south to Clewiston where the first night will be spent at the historic Clewiston Inn.

The ride continues around the lake with the tour ending Sunday, Nov. 6, by return to the original departure point.

The cyclists will average approximately 35-45 miles a day on a primitive, unimproved service road that has been primarily utilized by the Army Corp of Engineers and the South Florida Water Management District for lock maintenance. Circum-Oke I is sponsored by the Greater Lake Okeechobee/Heartland Tourism Alliance, and eight county tourism association, to highlight the tourism potential of the new Lake Okeechobee Scenic Trail on top of the Herbert Hoover Dike.

In the past 50 years since the dike was constructed, on homes or other facilities have been allowed inside the dike. It was considered off-limits to the world. Only small numbers of people - mostly natives of the region or workers - have ridden a motorized vehicle or bicycle, or hiked, the narrow shell-topped road around the entire perimeter of the walled-in lake. All these years the lake has been a fisherman's paradise - but the dike's trail has been largely ignored for its potential to draw different kinds of tourists.

However, a group of people, led by the City of Pahokee and Palm Beach County Planner, Vicki Silver, started clamoring for a bike path atop the lake five years ago as a means of economic development for the lake's cities and towns. In 1993, the road on top of the dike was officially designated as a "national recreation area" by the U.S. Forest Service and declared part of the Florida Trail. It was named the Lake Okeechobee Scenic Trail.

Now the crown of jewels that surrounds the second largest fresh-water lake in the United States glimmers with attractive appeal to all who seek the kind of natural Florida that long ago disappeared from the crowded coasts.

Promoters of this first Circum-Oke claim this year's orchestrated ride will bring additional tourism to the lake region. The trail around the lake can easily become the most popular winter ride in America," says Herbert Hiller, the volunteer coordinator of Circum-Oke. "This bike tour should result in a flow of cyclists by December and January this year and increasing numbers every year after.

Hiller's hand picked list of bike tour participants are like a Who's Who of cyclists. Each, with their own sphere of influence, will get the word out among other cyclists about the trail. Dan Burdin, the state's bicycle coordinator with the

Florida Department of Transportation is riding as well as Mary Ann Koos, the state's trails coordinator. Two cyclists from the national magazines, "Bicycling" and "Mountain Bicycling Action" will ride and take the story to the rest of the USA.

Mountain bicycling is a growing sport attracting thousands of cyclists a year in the United States. Affluent cyclists take vacations to far off destinations just to ride new places. Marketing the trail should be fairly easy. The attractive features of the trail are its safety (no traffic) and great climate. Also, it is a closed circuit. A cyclist can leave his vehicle at one point and return to it several days later without having to backtrack. Some disadvantages at this point, thrills to some, include the threat of poisonous snakes, rough terrain where the grass and weeds on the trail has overgrown, and no quick exits off the dike when a storm descends. These hazards can be diminished, however, with proper planning and work is currently underway to mitigate these problems. The Florida Department of Transportation is launching a \$4.5 million project to improve two-thirds of the trail to accommodate cyclists - and funding is being sought to finish the remainder. But as it is now, the trail is admittedly a challenge - just the sort of ride that intrigued the expert cyclists invited to participate in Circum-Oke I. In fact, when the trail is improved, these cyclists, for the most part, might look elsewhere for undiscovered trails. Then, cyclists preferring less demanding rides will come in their place.

Circum-Oke I is the brainchild of Mr. Hiller, a travel

writer and author with such prestigious credits as the Atlantic Monthly, Washington Post, the Miami Herald and the Fodor's Travel Guides. His passion for the trail's potential came from his own rapturous encounter with Lake Okeechobee. In 1990 and again in 1992, he cycled the entire dike alone in three days. He has sung its praises ever since.

In addition to the trail ride, many of the cities and towns along the route are hosting special events, interpretive programs and barbecues. Residents are manning water stations for the riders. Local sponsors, such as Barnett Bank, are helping fund the event. Free lodging is being provided for the cyclists, and many meals as well. The First Responders, EMS, Sheriff's Departments, the Ham Radio Clubs around the entire lake and many volunteers are working to put the event together. Even professional photographers are taking photos and a local pilot has volunteered to do a fly-by to get pictures from the air.

Sponsors to date include the Seminole Inn, Clewiston Inn, U.S. Sugar, Thousand Adventures, Euler's Cycling and Fitness Center, City of Moore Haven, the Seminole Tribe of Florida, Calusa Lodge, Lakeport Lodge, Swapland Tours, Okie-Tantie Campground, Zachary Taylor Campground, Blue Heron Golf and Country and the Palm Beach County Tourist Development Council.

Any person in the Lake Okeechobee region who wishes to help or has an idea to discuss is encouraged to notify the organizers. For information, call Susan Etchey at 936-467-0200 days, or 936-0100; in Pahokee call Ken

## Investigation leads to arrest in Dixie Fried Chicken robbery

By Brenda Bunting  
Editor

Belle Glade Police have arrested one suspect in the Sept. 9, robbery of Dixie Fried Chicken.

Lamar Phillips, 20, of 333 S.W. Martin Luther King Blvd., Belle Glade, has been charged with two counts of armed robbery, four counts of aggravated assault and grand and petit theft.

The robbery occurred about 9:30 p.m. that Saturday night. Patrolman John Owens said he was flagged down by someone who said there was an armed robbery in progress at the Dixie Fried Chicken Restaurant, located at 133 S.W. Martin Luther King Blvd. When Patrolman Owens arrived, he said he saw two people, both wearing dark ski masks, behind the counter of

the restaurant holding handguns on the cashier and other employees.

When the robbers saw Officer Owens they ran from the building. Officer Owens chased them. The robbers got away.

No one was injured during the robbery, but the thieves took over \$300 from the restaurant and some personal items from the employees.

The second robber has not yet been caught.

A meeting of Glades Central's National Honor Society was held Thursday, Sept. 22. A slate of officers were nominated for the election of officers which will be held at the next meeting. Service projects, among other items, were discussed. Cynthia Brown is the sponsor of the National Honor Society.

Senior pictures were taken Tuesday through Thursday of this week. Shield sponsor, Debbie Williams, and staff, organized the photo session.

Speaking of photo sessions, senior defensive lineman Robert Newkirk was

recently a guest on Channel 6, "The Irvan Fryar Show". Robert was interviewed not only about his football skills, but about his academic achievement. He also met football players: Bryan Cox, Bernie Kosar and Dan Marino.

"It was a once in a lifetime experience getting to socialize with so many celebrities," said Robert. "It really gave me the incentive to work hard and stay focused."

Robert's special treat was to ride to Rolling Hills Country Club in a 1995 Lexus. Mr. Fryar presented Robert with complimentary tickets to the Miami Dolphins/Jets game as well as a pass to the locker room.

"It was an experience I'll never forget," said Robert in his Dolphin's fin hat signed by all of the players.

Senior quarterback JaJuan Seider was presented the Hometown Hero Award by Dr. Effie Gear at last Friday night's game.

## Citrus varieties now beginning to mature

It won't be long until people that have dooryard citrus will be able to enjoy the fruits of their labor during the year. Some citrus varieties, particularly oranges, will begin maturing next month and grapefruits generally by the end of October.

It is important to know that during the fall months, citrus is cared for properly to insure that the fruit which is still under development will come out perfect and tasty the way you want. During this time of year there are still enough insect and disease problems around that this could affect the fruit quality.

Citrus should be watched throughout the year and serious problems controlled promptly so that they don't affect the trees' growth or the fruit development. If you haven't taken a look at your dooryard citrus recently, make sure that you go out once in while and check the growth for signs of insects such as aphids, whitefly or scale.

Also, wet weather has promoted a lot of disease this year and if you see brown spots on the undersides of the leaves or small raised bumps or bumps on the newer growth, this could indicate infestation by diseases that need to be controlled.

For most citrus diseases, liquid

copper fungicide is recommended and provides fairly good control. Some people who don't like to spray will pull off leaves or cut off infected branches and this, too, can work, particularly on small trees that you can reach easily.

If you are seeing dieback in citrus, particularly if it starts on smaller branches and then gradually works to larger ones, this could indicate root damage from too much water. We are still getting enough frequent rainfall that trees planted in landscapes that have high water tables could get damage from roots staying too wet.

If your tree doesn't have much fruit on it and it needs pruning, you can also do pruning this time of the year. Most people that have heavily laden trees, however, will wait to do heavy pruning until after the fruit is harvested.

Many retail nurseries that sell tropical fruits have good supplies of citrus trees available, so if you are deciding that you want to put citrus into the landscape, now would be a good time to purchase trees and get them planted. By planting citrus now, they will have time to get well established before early next year and you should get some flowers in February and March and enjoy a few fruit the next year with your

new tree.

Many fruit trees, particularly thin skinned oranges, lemons and limes are still having problems with fruit splitting and this is due to current rainy conditions or too much irrigation from sprinklers. Hopefully, this period of fruit splitting will end soon as we move into October and into our dry season, but be careful about over-irrigation from sprinkler systems.

Most citrus trees are typically planted in lawn areas and it takes sometimes watering two or three times a week to keep the lawns looking nice. Unfortunately, this is far too much water that citrus requires and you do run the risk of causing root damage to your fruit trees while you are trying to keep your grass looking good.

Some people will put their heads near the citrus that are only half-heads or three-quarters heads so they don't wet the ground near the citrus roots and this would be a much better way of irrigation. Other people take out the grass entirely around the trees for quite a distance and leave this as clear

or lightly mulch the area making sure the mulch stays at least a foot away from the citrus trunk.

Sometimes when citrus are densely planted, no grass should be grown in these areas and the trees should be irrigated by hand rather than by sprinklers for best results. Sprinkling systems that come on more than once a week often provide too much water for citrus and unless you have zones set up separately for fruit trees and lawns, you are going to end up with fruit trees that are very unhappy.

The Palm Beach County Cooperative Extension Service has literature on dooryard citrus areas which can be picked up from their offices, or if you have problems with home citrus, contact the extension office at 233-1750 or 233-1752.

*The Sun* is publishing a local school sports section weekly, from now through mid-November. The following merchants are joining *The Sun*, to bring you something new.

- Barnett Bank
- Norman's Drive-thru
- Larry's Video
- Subway
- Jim Hooks Welding & Truck Equipment
- Bank of Pahokee
- Lake Hardware & Farm Supply, Inc.

- Howell Oil Co., Inc.
- Gilbert's Jewelers & Gifts, Inc.
- Badcock Home Furnishing Centers
- Bank of Belle Glade
- Foodland
- Dr. Jose R. Thomas-Richards

Show these merchants your appreciation for their participation in this promotion. Each merchant has a **newspaper covered box** in their store. Clip their ad from the sports section in *The Sun*, fill it out and drop it into the box at the merchant of your choice. If you want to keep the sports section, sample ballots are available at each of the participating merchants (See the sample below).

Each merchant will have several drawings for a very unique umbrella. Just think, the perfect solution to our Florida liquid sunshine.

Try your chance at a unique umbrella to be given away weekly by *The Sun* newspaper and your favorite shopping place!

Name \_\_\_\_\_

Telephone # \_\_\_\_\_

Stay dry with an umbrella sponsored by Belle Glades's only 'hometown' newspaper!

The staff at *The Sun* would like to thank everyone for their support over the years, and we look forward to seeing you at the games.

High school schedules and football photos, pages 2B-3B

## Glades Day defeats arch rival Benjamin in football matchup

Number 1 ranked Glades Day Gators hosted the Benjamin Bucs last Friday night at Gator field. The two schools are district rivals and had some unfinished business to settle. Last year the Bucs beat Glades Day in the regular season, but the Gators took hold of the situation this year and beat the Bucs 27-3.

Benjamin received the ball to start the game and held possession most of the first quarter. The Bucs moved the ball to the 6-yard line

after a hard drive down field. It was first and goal for the Bucs, but the Gators' defense held them and drove them backwards causing the Bucs to go for a field goal. Devin White kicked a 28-yard field goal giving the Bucs a 3-0 lead in the first quarter.

Marcel Bowens went in for a Gator touchdown but a holding penalty by the Gators called it back. The Gators drove the ball to the 5-yard line and the first quarter ended, with the score Bucs 3, Gators 0.

Three seconds into the second quarter, senior Patrick Whitehead went in for the first Gators' touchdown. The point-after-try (PAT) was good and the Gators led the Bucs 7-3. With 4:01 left in the second quarter, Farris Shatara caught a pass from Gator quarterback Jackie Garrett and went in for the second touchdown for the Gators. The PAT was good, and the Gators led 14-3.

The Gators then fumbled the

ball and the Bucs recovered it and on the next play, Bucs quarterback Mike Ponc, attempted a pass but Ronnie Pripp of GDS intercepted.

The Gators finished the second quarter with possession of the ball and the lead.

The Gators returned to the field after halftime and Gator running back Jeff Goodale ran in for a 90-yard kickoff return to start the Gators off in the third quarter. A 2-point conversion failed, giving the Gators a 20-3 lead over the

Bucs.

Running back Danny Scott finished the night off with the last touchdown for the Gators with 1:20 left in the game. The PAT was good and the game concluded with the Gators over the Bucs, 27-3.

The Gators were penalized 13 times for a total of 125 yards, the Bucs had seven penalties for 75 yards. The Gators rushed for 189 yards on 38 carries and held the Bucs to 67 yards on 24 carries. The Gators will travel to Marathon this Friday. Kickoff will be at 8 p.m.

## Lady Blue Devils defeat Tigers/Raiders in two consecutive days

By Robbie Everett.  
Pahokee High School Lady Blue Devils defeated Glades-area rivals Clewiston High Tigers and Glades Central Raiders 2-0 in two days of competition.

On Wednesday, Sept. 21, the junior varsity volleyball teams defeated the Lady

Tigers of Clewiston, and on Thursday, the Blue Devils continued their winning ways defeating the Lady Raiders 15-3 in game one and 15-4 in game two.

The Lady Devils were led by senior Wilvetta Pringle with two aces and seven service points.

Jacarda Banks, assisted by Robin Collier, had two spikes, two aces and four service points.

Robbie Banks added a block, and Maryuri Rojas added an ace and two service points.

Jennifer Smith added the game-winning point.

## Pahokee loses district match-up to LaBelle

Team recently experienced lightning scare; players and a coach recently released from hospital

By Robbie Everett  
The gridgers from Pahokee High School traveled to LaBelle last week in a district showdown that was decided by a field goal in the last seconds of the game. After an lightning incident that sent several Pahokee players and a coach to Everglades Regional Medical Center, Pahokee, recently, the Blue Devils were prepared to enter LaBelle territory and return to Pahokee with another victory in the winning column. LaBelle stopped their dreams. They defeated the Blue Devils 15-14.

The LaBelle Cowboys had

not allowed any opponents to score until the Blue Devils put together a pass-rush drive that ended in a Lafann Williams 1-yard scoring run. The 2-point conversion was complete!

Quarterback Darrell Smith completed six of 13 passes for 207 yards, including a pass to James Burroughs (three for 87 yards). Jeremy Hanna (one for 24 yards), and George Ruggles (one for 19 yards). Linwood Johnson caught a pass and ran for an 80-yard touchdown.

Williams rushed 29 times for 107 yards.

The Blue Devil defense was led by Anthony Williams

with 11 tackles and one fumble recovery.

Corey Robinson had eight tackles, Anthony Mitchell made one fumble recovery, and Corey Pate also had a fumble recovery.

The Devil defense was able to hold the Cowboys to only 28 rushes for 160 yards, and seven of 18 passes for 80 yards.

The Blue Devils led 14-12 with 36 seconds left in the ball game. A penalty and two passes set up the field goal that lifted the Cowboys over Pahokee.

"That's a frustrating way to lose," said Pahokee Coach Mark Kazanowicz. "If you get blown out it doesn't feel so bad."

The Blue Devils will be at home Friday where they will host Dwyer in football action. Game time is 7:30 p.m.

Number 16 for the Blue Devils looked a little confused when they lost a district game against LaBelle.

Gator managers assist the team with bottles of water and Gatorade during ball games.

## Junior Varsity Gators walk over Terriers

Tammy Jackson

When the Moore Haven Terriers traveled to Belle Glade in hopes of defeating the Glades Day School junior varsity football team, little did they know the Baby Gators had already decided they were not going to be defeated. GDS came out of the locker room with vigor and the teammates decided to make the Terriers work for a victory if they indeed had wanted it. The Gators easily overpowered their opponents 33-12.

Lee Sweet led all rushers in the match up. He rushed 24 times for a whopping 249 yards. He scored four touchdowns for the Gators, and ran one 2-point conversion.

John Courson rushed six times for 58 yards, and Heath Norman rushed seven times for a total of 46 yards. Norman also scored one touchdown for GDS.

Justin Hamilton caught a 43-yard pass.

Pablo Sanchez had six tackles with four assists. Thomas Norman had five tackles and five assists. Daniel Mills contributed to the win with six tackles and two assists. Julian Rodriguez racked up

six tackles and two assists, and Jerry Arline had four tackles and two assists.

Moore Haven's first score came in the first quarter with a 85-yard opening kickoff return. However, Sweet scored a 67-yard touchdown for the Gators bringing the score to 6-6.

Moore Haven entered the endzone one more time in the first quarter with a 10-yard run. After the 10-yard run touchdown by the Terriers, they didn't see scores add up on the visitor side of the scoreboard anymore.

Sweet ran a 2-yard run in the second quarter, a 17-yard run in the third quarter, and another 10-yard run in the fourth quarter. Norman scored a 2-yard run in the fourth quarter.

Rodriguez kicked the pigskin through the upright one time for the Gators.

Throughout the game, Norman and Sanchez each had a fumble recovery for the Baby Gators.

The Terrier offense is the first to score a touchdown on the Gator defense.

The Baby Gators will travel to John Carroll today for football action. Game time is at 4 p.m.

This MEAN sign made its debut during a Raider pep rally. From the looks of things, the Brahman got the message.

## Raiders blast Brahman in district action

By Alexa Lutz

For a few moments last Friday night, the Glades Central Raiders were temporarily stunned by an Okeechobee touchdown on a 92-yard kickoff return. After that, it was all over for the Brahman.

Rallying to offset the first score registered against Glades Central this year, the Raiders (rated number 1 in the 4-A state poll) dominated the scoreboard for the rest of the game to win 37-6.

Senior quarterback, JeJuan Seider, scored the first touchdown with a quarterback sneak and Gerald Lewis successfully completed the extra point to end the first quarter 7-6.

After that, there was no stopping the Raiders. Senior wide-receiver, Reggie Moorer quickly picked up another touchdown on a 32-yard

pass from Seider. Running back, James Jackson scored again on a 32-yard run.

Senior linebacker Johnny Rutledge then capitalized on an interception by picking up 40 yards in an exciting run. Seider easily scrambled for the last two yards which left the Raiders with a 25-6 halftime lead.

Senior full back Joaquin McGowan picked up another touchdown in the third quarter and junior running back Michael Bryant finished off the night with a touchdown in the fourth.

The Raiders failed on three extra point runs and two field goals.

Seider led the team with an impressive nine of 11 passes for 139 yards to shut down the Brahman in the district 14-4A game.

"It was my best game of the season so far," said Seider. "They let me pass more and I felt that totally the offensive line blocked very well. The defense had a shut-out too," he added.

Glades Central's mighty defense hasn't been scored against so far this season.

"I thought the boys played really well," said Raider Coach Milton Watson. "It was a disappointment that the shut-out was finished, but we'll just have to keep progressing."

Friday night at 7:30 p.m., the Raiders face Pope John Paul at home. The Eagles, who upset Bishop Verot last week, are 1-3. The Raiders are 4-0.

"We can't take this team for granted," said Coach Watson. "It would make their season to beat us."
